

CuraPro® with DIM

Healthy Estrogen Metabolism*

Provides Clinically Studied BCM-95® Curcumin & BioResponse DIM® Complex

CuraPro® with DIM contains 3 unique ingredients in the most effective forms for healthy estrogen balance and metabolism.*

- **Clinically Studied BCM-95® Curcumin** – The most clinically studied enhanced absorption curcumin in the world with more than 27 published studies, 13 of which are HUMAN CLINICAL TRIALS.
- **Clinically Studied BioResponse DIM®** – Demonstrated **better absorption**, making it more effective than ordinary DIM for estrogen balance and detoxification.* You would have to consume 2 lbs. of broccoli to match this level of DIM.
- **French Grape Seed VX1™** – This exclusive, tannin free extract is standardized for only highly absorbable, low molecular weight oligomeric proanthocyanidins (OPCs).

Recommendations: 1 capsule daily with food. May increase to 1 capsule twice daily, if needed, or as directed by your healthcare practitioner. If pregnant or nursing, consult a healthcare practitioner before use.

BioResponse DIM® is a registered trademark of and is licensed (US Patent #6,086,915) from BioResponse, L.L.C., Boulder, CO

60 Capsules

VEGAN
NON-GMO DIETARY SUPPLEMENT

SUPPLEMENT FACTS
 Serving Size: 1 Capsule
 Servings Per Container: 60

Amount Per 1 Capsule (Veg):	%DV
Proprietary Complex	250 mg **
<small>Curcumin (<i>Curcuma longa</i>) Rhizome Extract (BCM-95®) enhanced with turmeric essential oil and standardized for curcuminoid complex (curcumin, demethoxycurcumin and bisdemethoxycurcumin), French Grape (<i>Vitis vinifera</i>) Seed Extract (VX1™) standardized to contain ≥ 99% polyphenols and ≥ 80% OPCs (Tannin Free)</small>	
BioResponse DIM®	120 mg **
<small>(a patented, enhanced bioavailability complex containing starch, a minimum 25% diindolylmethane [30 mg], Vitamin E, phosphatidylcholine, silica)</small>	

** Daily Value (DV) not established

Other Ingredients: hydroxypropyl methylcellulose (vegetable cellulose capsules), cellulose powder, silica, vegetable source magnesium stearate. **Contains soy** (less than 5 parts per million) **No** sugar, salt, yeast, wheat, gluten, dairy products, artificial flavoring, artificial coloring, or artificial preservatives. BCM-95® is a registered trademark of Dolcas-Biotech, LLC. Manufactured by a cGMP compliant facility exclusively for: EuroMedica 955 Challenger Drive Green Bay, WI 54311 866-842-7256 EuroMedicaUSA.com

- High quality, clinically studied ingredients
- Absorbable DIM at studied levels

With its exclusive combination of ingredients, **CuraPro® with DIM** supports healthy hormone balance to support mood, weight[†], energy levels, and overall well-being.*

- Perimenopause and PMS symptom relief
- Promotes estrogen and progesterone balance
- Healthy metabolism and weight management**[†]

The Complete Formula for Healthy Hormone Balance*

CuraPro® with DIM provides three highly effective ingredients in just one formula:

- **Clinically studied BioResponse DIM® Complex** is better absorbed and, therefore, more effective than ordinary DIM for estrogen balance and detoxification. It eases mood swings and cramping of perimenopause and PMS, supports healthy metabolism, and protects healthy breast cells.* **The DIM in this formula equals the amount found in two pounds of broccoli.** Each capsule provides 120 mg of clinically studied BioResponse DIM® Complex – the same level used in groundbreaking studies.

- **BCM-95® Curcumin** is the most clinically studied enhanced absorption curcumin in the world with more than 27 published studies, 13 of which are human clinical trials. Curcumin is the active compound from turmeric that supports healthy liver function to help effectively eliminate toxins that mimic estrogen and contribute to estrogen dominance. It also offers powerful cellular protection from the risk of oxidative damage.*
- **French Grape Seed VX1™** is a tannin-free extract standardized for only highly absorbable, low-weight oligomeric proanthocyanidins (OPCs). It supports healthy hormone balance and aromatase activity, weight management[†], and better mood.*

Frequently Asked Questions for CuraPro® with DIM:

Q. What is the difference between DIM and indole-3-carbinol?

A. While both are found in cruciferous vegetables, DIM is a metabolite of indole-3-carbinol and is more stable. DIM requires no further conversion or breakdown by stomach acid, and is ready to provide benefits immediately.

Q. Will this product increase estrogen levels?

A. No. While it will not increase estrogen, it does support healthy estrogen balance.*

Q. How is Bioresponse DIM® different from other forms of DIM?

A. Bioresponse DIM® uses a patented dosage form and delivery system for excellent bioavailability that separates it from other forms of DIM. In fact, every capsule of **CuraPro® with DIM** provides 120 mg of BioResponse DIM® – the clinically effective level.

Q. Can this product be used by men as well as women?

A. Yes. While estrogen balance is often considered primarily a woman's health consideration, the fact is, both men and women can benefit from DIM and the other ingredients in this formula.*

What to pair with CuraPro® with DIM:

- **ProHydra-7™** – Provides the clinically studied SBA24® sea buckthorn oil and is a source of Omega-7. This rich botanical supports healthy skin and mucosal membranes throughout the body.*
- **Vitamin D3 Chewable 5,000 IU** – Supports strong bones, teeth, overall health, and the immune system. Delicious flavor makes it a favorite for adults and children alike.*
