Are your patients anxious? Overwhelmed? Stressed?†

AnxioCalm® is a groundbreaking, clinically studied botanical to quiet your nerves and relieve your occasional anxiety—without drowsiness!*

It's the safe and effective way to relieve occasional:

- Anxiety
- Stress
- Nervousness and worry*

It may also help relieve related symptoms:

- Nervous sweating
- Upset stomach
- Muscle tension
- Insecurity
- Occasional restless sleep*

How does AnxioCalm work?

AnxioCalm contains EP107™, a unique botanical that is safe, non-addictive, and effective. This specialized extract contains phytonutrients shown to support brain receptors associated with feelings of calm and relaxation. It also supports healthy endocannabinoid system function. That is why AnxioCalm is a groundbreaking product. It's the fast-acting, safe, and effective way that has helped so many find their calm!*

AnxioCalm with EP107—clinically tested, safe, and effective anxiety relief!†

AnxioCalm has been the subject of published human clinical trials. Containing a specialized plant extract standardized to unique compounds, AnxioCalm has been shown to produce significant benefits in a short period of time. And it did so without

causing drowsiness, a common side effect of the many other approaches.*

AnxioCalm was tested with volunteers experiencing increased stress and nervous tension. A standardized questionnaire was used to measure their feelings of anxiety before using AnxioCalm, and compared their responses on 1, 3, and 7 days after taking the specialized extract.

- After only 1 day of use, the participants experienced a measurable reduction in anxiety.*†
- By day 7, the reduction of anxiety was even greater.*†
- No reports of drowsiness or significant side effects were experienced by the participants in the clinical trial.
- A unique plant extract, AnxioCalm is also non-addictive.

Simple and easy to take—Safe for adults and children 4 and up

AnxioCalm is perfect for everyday use, or occasionally when your patients need extra support. It provides fast-acting relief without drowsiness or mental foginess.*

- Adults may take 1 or 2 tablets twice daily.
- Children (ages 4-12) may take 1 tablet twice daily.
