**Berberine Made Better**  
Scientific studies show the absorption of standard berberine may only be 5%—or even less. For optimal metabolic support, we've combined our berberine with GammaSorb™, a plant-based material that binds to nutrients, making them more easily absorbed and bioavailable for optimal benefits.\*

**Recommendations:** 1 capsule daily, or as recommended by your healthcare practitioner.  
If pregnant or nursing, consult a healthcare practitioner before use.

Berberine has been recommended in traditional practice and recognized by modern science to support healthy blood sugar<sup>†</sup>, cholesterol and triglyceride levels<sup>†</sup>, and overall metabolic health.\* But despite these findings, standard berberine can still be difficult for the body to absorb and use effectively.

In fact, it's estimated that only about five percent of any given dosage of berberine actually makes it into the bloodstream, so finding a way to enhance absorption is key to the full advantage of its benefits.

**Berberine Ultra Absorption** can meet that challenge. Formulated with GammaSorb™, a plant-based material that has been shown to increase the absorption of certain hard to absorb (fat soluble) dietary ingredients, in some cases by as much as 8 times.

**Berberine Ultra Absorption supports:**

- **Healthy cholesterol & triglyceride balance<sup>†</sup>**
- **Optimal liver function**
- **Healthy blood sugar levels<sup>†</sup>**
- **Cognitive health**
- **Cellular function**
- **Joint health\***

## Frequently Asked Questions for Berberine Ultra Absorption:

### Q. What is the source of your berberine?

A. Although the compound berberine is found in many botanicals, the berberine in Berberine Ultra Absorption is a root and bark extract from *Berberis aristata*, also known as Indian barberry.

### Q. Why does Berberine Ultra Absorption have less berberine per capsule than the Berberine 500 mg supplement?

A. The key to Berberine Ultra Absorption is GammaSorb™. GammaSorb has been shown to increase the absorption of certain hard to absorb (fat soluble) dietary ingredients, in some cases by as much as 8 times.

### What to pair with Berberine Ultra Absorption:

- **Nerve Complex™** – Supports the delicate nerve endings in your feet, legs, and fingers.\*
- **Sucontral® D** – Features clinically studied *Hintonia latiflora* to support healthy blood sugar balance.\*†

† Supports healthy levels already within normal range.
