For Relief of Occasional:

**Gas, bloating, and cramping\***

**Irregularity, diarrhea, and constipation\***

While many probiotic supplements talk about the amount of beneficial bacteria they deliver, the real importance is what type of probiotics you get—not just the count.

Only **FloraSure Probiotic** features the *FloraSure* probiotic blend, a unique combination of live, active cultures with a long history of human use, specifically chosen to help relieve occasional digestive discomforts.\*

**FloraSure Probiotic** provides the probiotics you need to support healthy intestinal flora and mucosa, eases occasional gut discomforts, and promotes everyday gastrointestinal function.\*

## Why FloraSure Probiotic?

- *FloraSure* probiotic blend: 20 billion live, active probiotic bacteria
- Provides *Lactobacillus plantarum, Lactobacillus rhamnosus, and Bifidobacterium bifidum*
- Non-dairy based probiotic—perfect for individuals with diet sensitivities
- Just one capsule daily
- No refrigeration necessary

## Frequently Asked Questions for FloraSure® Probiotic

---

### Q. Can't I just get my probiotics from yogurt?

A. You'll get some probiotics from yogurt, but it won't be the same as what you'll get in **FloraSure Probiotic**. While most yogurts measure their probiotic count in the millions, by the time it gets through the digestive system, it'll be a lot less. By contrast, **FloraSure Probiotic** provides 20 billion probiotic bacteria in just one capsule. For reference, it takes 1,000 million to make even **one** billion! But most importantly, the beneficial bacteria in **FloraSure Probiotic** have a long history of human use. We don't simply throw a variety of probiotics at the digestive system and hope that they work. They've been carefully selected and blended especially for everyday use and great results.

### Q. I have a problem with dairy. Is it okay for me to take FloraSure Probiotic?

A. Yes, it is perfectly okay for you to take **FloraSure Probiotic**. While many probiotic supplements are derived from strains of beneficial bacteria cultured ("grown") on dairy, the probiotics in **FloraSure Probiotic** are not.

## What to Pair with FloraSure® Probiotic

---

**Berberine 500 mg**

Supports healthy metabolic function.\*

**ProHydra-7™**

Superior sea buckthorn oil and source of omega-7 to soothe the gastrointestinal tract.\*
