60 Capsules

VEGAN DIETARY SUPPLEMENT

SUPPLEMENT FACTS
Serving Size: 2 Capsules Servings Per Container: 30

Amount Per 2 Capsules (Veg):	%DV
Thiamin (B1) (from Thiamin HCl)	25 mg 2,083%
Riboflavin (Vitamin B2)	25 mg 1,923%
Niacin (as Niacinamide)	10 mg 63%
Vitamin B6 (as Pyridoxal-5-Phosphate)	30 mg 1,765%
Folate (as (6S)-5-methyltetrahydrofolic acid, glucosamine salt)†	425 mcg DFE 106%
Vitamin B12 (as Methylcobalamin)	500 mcg 20,833%
Biotin	1,000 mcg 3,333%
Pantothenic acid (from D-Calcium Pantothenate)	200 mg 4,000%
Zinc (from TRAACS™ Zinc Glycinate Chelate)	10 mg 91%
Chromium (from TRAACS™ Chromium Nicotinate Glycinate Chelate)	200 mcg 571%
Alpha Lipoic Acid	300 mg **
Boswellia (Boswellia serrata) Gum Resin Extract (BOS-10) standardized to contain ≥ 70% Total Organic and Boswellic Acids with AKBA ≥ 10%, with ≤ 5% beta-boswellic acids	100 mg **
Benfotiamine	50 mg **

** Daily Value not established † US Patent No. 7,947,662

TRAACS™ is a trademark of Albion Laboratories, Inc.

When you are looking for ways to maintain the health of your nerves and feet, it can be a challenge.

Fortunately, there is **Nerve Complex**. This powerful combination of nutrients provides support for nerve function, proper blood circulation, and blood sugar† metabolism, to help you stay active and comfortable.*

- Supports healthy nerve function, especially in the feet and hands
- Aids proper blood circulation
- Supports healthy blood sugar metabolism*†

This superior formula includes:

- **Bioactive B-vitamins:** to support healthy blood sugar levels already within normal limits, carbohydrate metabolism, and healthy nervous system structure and response.*
- **Chromium and Zinc:** to support proper insulin response and healthy tissue formation and maintenance.*
- **Alpha Lipoic Acid:** supports levels of glutathione, one of the body's free radical fighters to keep nerve tissue healthy and functioning properly. Clinical studies have shown that use of supplemental alpha lipoic acid can support healthy blood sugar levels† and nerve health.*
- **Boswellia:** uniquely purified to increase levels of key actives compared to unstandardized boswellia.

Frequently Asked Questions for Nerve Complex™:

Q. Why have chromium in the formula?

A. Chromium is frequently seen in supplement formulations that focus on blood sugar[†] health support because studies show that it is effective at supporting a healthy insulin response.*

Q. What are chelates?

A. A “chelate” is a bond between a mineral (often called “inorganic”) and a molecule structure, called a “ligand” that helps the body absorb the mineral during digestion. The amino acid glycine makes an excellent molecule to help shepherd minerals through the intestinal wall, because it is so small that it can be transported directly into the cells of the body, so it can get to work right away. The chromium and zinc in this formula are chelated trace minerals that use The Real Amino Acid Chelate System, known as TRAACS™.

Q. How is the boswellia in Nerve Complex different from other boswellia extracts?

A. Most experts consider a compound known as AKBA to be associated with boswellia’s health benefits. The boswellia in Nerve Complex is standardized to greater than 10 percent of this important compound and it contains virtually no beta-boswellic acid, which can interfere with the activity of AKBA.*

What to pair with Nerve Complex™:

- **Essential Multivitamin** – This complete multivitamin and mineral supplement delivers absorbable nutrients at meaningful levels that are appropriate for everyone, adults and children ages 12 and up, regardless of gender.*
- **EurOmega-3®** – Provides bioidentical Omega-3 exclusively from salmon with DHA/EPA in a biologically active, phospholipid form, ensuring absorption and improved stability.
