- Clinically studied ingredients for prostate support\*
- Combines ingredients that can only be found in this formula
- Can be used with an existing saw palmetto regimen

Prostate health support should be a focus of every man's daily supplement regimen. For the ultimate in prostate support, **Prostate & PSA Support** should be his first choice. This formula targets three major aspects of men's health—cellular protection<sup>^</sup>, free radical defense, and healthy male hormone balance—for powerful support of prostate function.\*

- **Healthy PSA Levels†**
- **Healthy Male Hormone Balance**
- **Detoxification**
- **Oxidative Stress Defense\***

### Provides Nutrients that Matter

Prostate & PSA Support combines individually powerful ingredients into an unbeatable team that supports prostate health.\*

- **Curcumin:** Clinically studied for intensive cellular protection from oxidative stress as well as promoting healthy detoxification activities, this powerful botanical compound is blended with turmeric oil for enhanced bioavailability and benefits, and is backed by over 70 published studies.\*
- **Pomegranate Seed Oil:** Pomegranate seed oil delivers omega-5 (punicic acid), a powerful nutrient that supports healthy androgen levels<sup>†</sup>, cellular protection<sup>^</sup>, and prostate function.\*
- **French Grape Seed VX1®:** This tannin-free OPC extract features 100% absorbable polyphenols to reduce the risk of oxidative stress and support healthy cells and testosterone balance.\*
- **Vitamin D3:** A critical nutrient essential for supporting prostate cell health and healthy hormonal balance.\*
- **Silybin:** A powerful compound from milk thistle, silybin supports detoxification and prostate cell health.\*

## Frequently Asked Questions for Prostate & PSA Support:

### Q. Why is omega-5 fatty acid important?

A. Omega-5 (punicic acid) supports healthy hormone balance and is actually a rarity in the natural world. Pomegranates are one of the only known plant sources of this valuable nutrient.\*

### Q. Why isn't saw palmetto in this formula?

A. While saw palmetto is one choice for prostate support, there is strong research that supports the use of the combination of cell-supporting ingredients that can only be found in Prostate & PSA Support. If you already use a saw palmetto supplement, Prostate & PSA Support can be added to your regimen for even greater benefits.\*

### What to pair with Prostate & PSA Support:

- **Bladder Manager™** – Provides clinically studied Icelandic Angelica to support healthy bladder strength day and night.\*
- **Clinical Glutathione™** – Provides stable, oral glutathione in a slow melt tablet for powerful cellular protection from oxidative stress.\*
