Frequently Asked Questions for Daily Recharge*

Q. Does this supplement contain caffeine?

A. No, Daily Recharge does not contain caffeine. The energy support that you experience when using this supplement is due to the finely calibrated levels of vitamins, minerals, amino acids, and other nutrients that are in readily absorbed and utilized forms.*

Q. Can patients take this supplement any time of day?

A. Although Daily Recharge does not contain caffeine, so it doesn't cause jitteriness, we recommend that patients take this supplement either in the morning or at lunchtime to get the most from its energizing effects when they are most appreciated.*

What to Pair with Daily Recharge*

CuraPro® 750 mg	Delivers intensively researched BCM-95® curcumin, subject of over 90 published studies, and the preferred choice due to its superior absorption, healthy inflammation response and support of liver, brain, heart, and immune health.**†
EurOmega-3®	Provides omega-3s, peptides, and phospholipids from salmon in an easy-to-take form. At just two tablets a day, it makes an excellent recommendation for your patients' foundational health.*

†Occasional inflammation due to exercise or overuse.
